

Bupa EyeDAY

The Bupa Direct Access for You (DAY) programme provides direct access to day case centres around Hong Kong. Under this programme, our EyeDAY centres offer common types of eye procedures such as cataract removal.

At the modern, well-equipped day case centres in our EyeDAY programme, eligible Bupa customers¹ have direct access to cashless treatment for day case eye procedures.

Did you know?

In the public hospital system, the longest waiting time for an appointment at an eye specialist outpatient clinic can be up to 3 years, depending on your condition². For elective cataract surgery in the public hospital system, more than 47,000 people are currently on the waiting list³. With Bupa EyeDAY, you can receive treatment relatively faster at a private day case centre⁴.

In Hong Kong, day case centres must comply with a list of specific government standards to perform eye procedures. These guidelines are designed to ensure patient safety⁵.

If you choose a day case eye centre, you can enjoy...

Terms and conditions

1. Each member is required to present a valid Bupa medical card, Hong Kong Identity Card and referral letter from a registered general practitioner or specialist upon registration at the EyeDAY centre.
2. Eligible members must present a valid Bupa medical card for cashless treatment at EyeDAY centres. If the medical expenses exceed the member's coverage or aren't covered by the insurance plan (e.g. excluded conditions), a shortfall notice will be sent to the member for settlement.
3. Medical services offered by the EyeDAY centres listed are subject to the medical insurance coverage and/or benefit limits of each member. Before receiving any service, members should check their benefit entitlement in their membership certificate and/or schedule of benefits. Please contact our Customer Care helpdesk for more information.
